100% RTV Silicone Sealant

Peco Catalog#	UPC	Size	Color	Case Quantity
ICA773	705591 20401 0	8 Ounce Pressurized Can	Clear - Low Visibility	6

100% RTV Silicone Sealant Is A Paste, One Component Material That Cures To A Tough, Rubbery Solid When Exposed To Moisture In The Air. Since It Will Not Flow Under It's Own Weight, It Can Be Applied On Sidewall Joints & Surfaces Overhead Without Sagging, Slumping, Or Running Off. It Will Adhere To Clean Metal, Glass, Most Types Of Non-Oily Wood, Vulcanized Silicone Rubber, Silicone Resins, Natural & Synthetic Fibers, Ceramic, Paper, As Well As Many Painted & Plastic Surfaces. However, Paints Do Not Adhere Long Term To This Product.

Remains Flexible To -60 Degrees Celsius (-76 F) And Although Modulus Increases, Does Not Become Brittle. Will Withstand High Temperatures Up to +177 Degrees Celsius (+350 F) During Continuous Operation, & Up To +204 Degrees Celsius (+400 F) For Short Periods.

Because This Material Is 100% Solids & Contains No Extenders Or Plasticizers, Shrinkage Due To Weathering Is Negligible. Because Of The Chemical Makeup, Resistance To Ultraviolet Light & Ozone Is Excellent.

This Product Offers Good Resistance To Most Solvents & Oils, Organic & Inorganic Chemicals; however, It Is Not Recommended For Continuous Use With Gasoline Or Fuel Oil. Swelling Or Dedgradation May Occur With These & Certain Other Hydrocarbon Materials. Chemical Compatibility Should Be Tested For Each Application Considered.
